2017 SUMMER COURSE OFFERINGS

SESSION 1 (LOCATION: PLAVAN ELEMENTARY SCHOOL)

CHEER / DANCE

Grades K - 2 and 3 - 5

Get ready for a fun class for girls and boys who want to learn and improve their cheer skills. From jumps and motion technique to mini cheer routines, students will practice synchronization, performance skills, and, most importantly...teamwork!

CREATIVE WRITING

Grades 1 - 2 and 3 - 5

This is a creative writing course for students who love to write and want to learn new ways to improve their writing skills with others who share their passion. The class will include an introduction to a variety of genres including: poetry, fiction, personal narrative/memoir, letter writing, and newspaper articles. In addition to writing, these young authors will have multiple opportunities to share their stories with others. Students will leave this course with a journal of their writings as well as a renewed confidence and joy in writing!

JUMPSTART 2ND GRADE

Entering Grade 2

Steer your child into a successful start to their second grade year, or reinforce, review and strengthen their newly acquired skills in this enriching course. Students will practice a variety of math and language arts skill-building activities, with a focus on reading fluency, guided writing, math facts, time and money. They will also have multiple opportunities to unleash their creativity while participating in several art projects. (THIS CLASS IS TWO PERIODS. STUDENTS MUST REGISTER FOR BOTH PERIODS IN ORDER TO PARTICIPATE).

JUMPSTART 4TH GRADE

Entering Grade 4

Students will participate in daily activities in writing and math that will prepare them for fourth grade success. They will practice various writing skills, with an emphasis on sentence structure, grammar, and punctuation. Students will also be exposed to fundamental fourth grade math concepts to prepare them for a successful fourth grade year. (THIS CLASS IS TWO PERIODS. STUDENTS MUST REGISTER FOR BOTH PERIODS IN ORDER TO PARTICIPATE)

MUSIC EXPLORATION

Grades K - 2 and 3 - 5

Join us on an exciting journey into the world of music! Students will learn about a variety of topics, including music history, theory, rhythm, songwriting, and more. Classes will be interactive, with provided keyboards and percussive instruments for in-class use. Learning music promotes confidence, creativity, problem solving, and it's fun too! This will be a great introduction into the world of music for new musicians, and a great opportunity to review and solidify musical concepts for those who already play an instrument.

CAMP CRAFTY

Grades K - 2 and 3 - 5

Creativity happens here! Your young crafter will be busy creating cool keepsakes like: Homemade Floam, Crayon Drip Art, Fabric Flower Pots, Mason Jar Picture Frames, and many more. Ready? Great! Let's go...

FUN WITH S.T.E.A.M.

Grades 3 – 5 and 6 - 8

Welcome to the amazing world of S.T.E.A.M! Explore Science, Technology, Engineering, Art and Math, and learn how these subject areas relate to each other and the real world. In this class students investigate real world problems in Science and Technology, interpreted through Engineering and Arts, all based in Mathematical elements. This class is completely hands-on; students take control of their own learning and have fun building, designing, and problem solving.

21st CENTURY COMMUNICATIONS

Grades 3 – 5 and 6 - 8

Students will leave this class masters of 21st century communication skills. Not only will they become effective public speakers, students will also become familiar with Google digital tools (Docs, Slides, Forms, etc), learn how to identify reliable on-line sources, send proper emails, and use social media and texting following acceptable etiquette. In addition, daily typing practice time will be provided and measured throughout the entire class. Students are encouraged to bring their smart phones. This class is a must for any 21st century learner.

ROBOTICS

Grades 6 - 8

This is a great hands-on class. Students will learn: what a robot is; how to build a robot using Lego EV3 Mindstorm Kits; program their robots to complete a series of six challenges; use core programming skills; and design a robot to compete in a Battle Bots competition. (THIS CLASS IS TWO PERIODS. STUDENTS MUST REGISTER FOR BOTH PERIODS IN ORDER TO PARTICIPATE)

SPANISH I

Grades 6 - 8

¡BIENVENIDOS a nuestra clase de español! Language is a part of culture, and since culture is communication that extends beyond words, this class offers various projects and hands-on activities that will let students experience this culture firsthand. Designed to prepare middle-school students for future Spanish classes, by the end of the session, each student will have a solid understanding of the language and a vocabulary extensive enough to have meaningful conversations.

SESSION 1 (LOCATION: FULTON MIDDLE SCHOOL)

WOODSHOP

Grades 6 - 8

Are you interested in learning how to make a pen or cut your name out of wood? This introductory course allows you the opportunity to learn basic lathe and scroll saw techniques. Safety is and always will be an emphasis. With the lathe you will learn how to use the tools to create a pen. Using the scroll saw you will learn different types of cuts and cut your own nameplate out of wood. Additional projects are available if time permits.

SUMMER SPORTS AND FITNESS CAMP

Grades 6 - 8

Not just for athletes! This class will focus on fun and skill development rather than playing team sports. Fitness enthusiasts will develop their strength, stamina and flexibility through activities such as creating jump rope routines, boot camp, obstacle courses, Frisbee golf, yoga, and more. Overall health care, nutrition, and diet tips will be included.

FILM AS LITERATURE

Grades 6 - 8

If you love movies, then this is the class for you! Students will enhance their ability to understand, appreciate, and discuss works of film through viewing, discussing and participating in guided activities in addition to making connections between film and literature. Collaboration, creativity and communication will be highlighted. Activities include: watching great movies, group and individual art projects, creative writing and much more.
